## TABLES

- Table 1.1 Demographic Characteristics: Asian Population Age 65 and Over, Census 2000 2
- Table 1.2 Life Course: Global and National Events in the Life of a Person Born in 1930 11
- Table 2.1 Population Age 65 and Over, the U.S. Census 2000, 2003 Estimates, and 2050 Projections 24
- Table 2.2 Comparisons between the AAENYC Survey Data and the U.S. Census 2000 Aging Data 28
- Table 2.3 Sociodemographic Comparisons between the AAENYC Survey and the U.S. Census 2000 Aging Data (reported as %) 30
- Table 2.4 Acculturation Indicators of the AAENYC Survey Sample (% of total within each group) 41
- Table 3.1 Self-Reported Medical Conditions and Self-Rated Health by Asian National Origin Groups 55
- Table 3.2 The SF-36 Health-Related Quality-of-Life Outcome Measures 57
- Table 3.3 SF-36 Health Profiles: Asian American Elderly Within-Group Comparisons (mean) 59
- Table 3.4 Health-Related Quality-of-Life Subscales Regression Models 61
- Table 4.1 Descriptive Statistics of Variables in Regression Models by Asian National Origin Groups 78
- Table 4.2 Depression and Life Satisfaction Regression Models 81
- Table 5.1 Percentage of Asian Elders (65+) in the United States Who Are Foreign Born 87
- Table 5.2 Age of Asian American Elders (65+) at Immigration 88

x LIST OF TABLES

- Table 5.3 Percentages of Asian American Elders (65+) Endorsing Family Values as Important, by Asian National Origin Groups 97
- Table 5.4 Percentage of Endorsement of Family Values by Gender and Age 99
- Table 5.5 Regression Models of Traditional Family Values on Asian Elders Who Had Children 103
- Table 6.1 Social Support Network: Comparison by Asian National Origin Groups 115
- Table 6.2 Support Exchanges: Comparison by Asian National Origin Groups 118
- Table 6.3 Intergenerational Support Regression Models 121
- Table 7.1 Utilization Rates of Formal Services by Asian American Elderly in the Twelve Months Prior to the Study Survey 134
- Table 7.2 Asian American Elders' Use of Medical Services in the Preceding Year and Perception about Services Received 137
- Table 7.3 Logistic Regression Models of Asian American Elders' Service Use 139
- Table 8.1 Grandparent and Non-Grandparent Caregivers: Demographic and Social Support Network Comparisons 153
- Table 8.2 Volunteers and Nonvolunteers: Demographic and Social Support Network 155
- Table 8.3 Logistic Regressions Associated with Being a Volunteer or Grandparent Caregiver 156
