

List of Tables

Table 4.1	Characteristics of Institutional, Companionate, and Individualistic Marriage	81
Table 6.1	Socioeconomic Characteristics of In-depth and Focus-group Interviews	121
Table 7.1	Means and Standard Deviations of Dependent and Control Variables by Race and Family Structure for Children Aged 7–14	154
Table 7.2	Ordinary Least Squares Regression Results Predicting HOME, BPI, and PIAT Subscales from Family Structure and Controls by Race for Children Aged 9–10	156
Table 7.3	Probit Regression Results Predicting Family Structure Membership from Controls by Race for Children Aged 9–10	162
Table 7.4	Propensity Score Matching Results for Mean Differences on HOME, BPI, and PIAT Subscales for White Children from Stable Single-Mother and Stable Married-Parent Families by Child Age	166
Table 7.5	Propensity Score Matching Results for Mean Differences on HOME, BPI, and PIAT Subscales for Black Children from Stable Single-Mother and Stable Married-Parent Families by Child Age	168
Table 7.6	Propensity Score Matching Results for Mean Differences on HOME, BPI, and PIAT Subscales for Hispanic Children from Stable Single-Mother and Stable Married-Parent Families by Child Age	170

Table 8.1	Distribution of Family Structures by Race: National Longitudinal Study of Adolescent Health, wave 1	187
Table 8.2	Descriptive Statistics for Key Variables, by Family Structure: National Longitudinal Study of Adolescent Health, waves 1 and 2	189
Table 8.3	Coefficients from Regression of Depressive Symptomatology on Family Structure and Key Independent Variables: National Longitudinal Study of Adolescent Health, 1995	194
Table 8.4	Coefficients from Logistic Regression of Any Unprotected Sex on Family Structure and Key Independent Variables: National Longitudinal Study of Adolescent Health, 1995	200
Table 8.5	Coefficients from Logistic Regression of Infrequent Seat-belt Use on Family Structure and Key Independent Variables: National Longitudinal Study of Adolescent Health, 1995	208
Table 8.6	Coefficients from Logistic Regression of Drug Selling on Family Structure and Key Independent Variables: National Longitudinal Study of Adolescent Health, 1995	214
Table 9.1	Same-sex Couples with Children, by Previous Marital Status and Type of Children in the Household, Census 2000 (by percentage)	236
Table 15.1	Fertility and Nonmarital Births, 2005, by Race and Hispanic Origin of Mother	369
Table 15.2	Persons by Race/Ethnicity and Marital Status, 2006 and 2050	372
