

Acknowledgments

We would like to thank the Centers for Disease Control and Prevention's Division of Adolescent and School Health for sponsoring the parental monitoring meeting that led to the creation of this book. We also would like to thank our contributing authors, many of whom attended that two-day meeting years ago, and all of whom have been incredibly patient with us throughout the lengthy process of writing and publishing this book. Finally, we would like to thank our colleagues for providing insightful feedback on portions of the book.

The findings and conclusions in the book are those of the authors and do not necessarily represent the views of the Centers for Disease Control and Prevention.
